Back Upholstery Ø 18 cm

Soft, playful shapes characterise this family of upholstered pieces, the Hippo makes a stylish statement in any interior setting. The Hippo Chair stands on two sturdy legs and a wooden profile connecting the seat and back which in stark contrast to the soft shapes is hard-lined and strong.

The Hippo series is influenced by the Hippopotamus mammal drawing upon its barrel-shaped torsos. The characteristic wooden leg profile comes in four different oak finishes; natural, light smoked, dark smoked and black and the seat and back come in variety of upholstery options.

- Different upholsteries can have different appearance and some fabrics may wrinkle slightly around the curved seat
