## Care Instructions

Use a soft dry cloth to clean. Do not use any cleaners with chemicals or harsh abrasives. Avoid using water.

The brass will oxidise from the moment it is exposed to air. To maintain a shiny appearance, use a mild metal polish and a soft cloth. Use special mirror cleaning for the mirror part.

The classic standing mirror gets a functionalist update with this new wall attachment. The focus on materials and quality makes the Pepe Marble Mirror timeless.

The Pepe Marble Mirror, designed by Milan-based firm Studiopepe, is an elegant study of functionality overlapping with aesthetic. The Pepe was previously only available as a standing mirror and is now available in a wall-mounted option. This makes it perfect for small spaces and spaces where you don't want items to be moveable, such as restaurant bathrooms or hotel rooms. One side of the mirror offers regular reflection, while the other shows magnification of 300%; a perfect mirror for self-grooming.

The colour combinations of black, white or brown marble with brushed brass offer a sophisticated contrast, one that emphasises the texture and heft of the materials. This is a mirror that, while utilitarian, adds a certain refinement to the room through its simple form and beautiful craftsmanship.

## About the Designer

Studiopepe is a multidisciplinary design studio founded in Milan in 2006 by Italian designers Arianna Lelli Mami and Chiara Di Pinto. The pair's projects are characterised by their emotional and aesthetic impact.
